already occurred. Regardless of the circumstances, we all have a choice whether we will be passive bystanders, standing by and taking insufficient or no action, or whether we will be active bystanders who are engaged and take the necessary action to prevent sexual violence. An active bystander has the power to prevent sexual violence from occurring and to assist survivors of assault in getting the help they need. A passive bystander is someone who stands by and fails to take the necessary safe action to prevent sexual assault and gender-based violence and misconduct. An active bystander is someone who commits to making a choice to become involved. The first and foremost thing to remember as an active bystander is that you don't do anything that puts your safety at risk! Many, if not most of the actions you will take as an active bystander will be calling on others, such as Campus Safety or the police, for help. Always remember that if you or someone else is in immediate danger, call 911. The goal is to promote a culture of accountability that helps prevent sexual assault and misconduct without causing additional threat or harm to others.
